

Greetings,

Now in its 33rd year, Stillpoint Production's annual Nutcracker Ballet has become an integral part of the Grants Pass holiday experience. Community enthusiasm for our large-scale production continues to grow, allowing us to regularly perform to sold-out audiences at the Performing Arts Center. We are so pleased to be back on stage once again, bringing this shared experience of transcendent art, seasonal festivity, and beloved tradition to the people of the Rogue Valley.

I am thrilled to offer you the opportunity to support our production. In return for your investment, your business name will be prominently displayed on our website, in social media posts, and in the program. The program alone reaches approximately 3,000 potential customers over the two weekends of shows. No amount of support is too small, and every cent goes toward the growth of our young performers as they strengthen their bodies, hearts, and minds through the beautiful marriage of fine art and physical activity that is dance. Finally, our production brings valuable community connection as performers and audiences come together to fill their hearts with cheer.

Thank you for considering this request. Here's to the prospect of gathering once more as friends and neighbors in the warm glow of holiday spirit.

Sincerely,

Penny King, [stillpointster@gmail.com](mailto:stillpointster@gmail.com)
